

## FUN & EASY SOCIAL-EMOTIONAL ACTIVITIES

Try these activities with your 5-year-old—a great way to have fun together and support your child's social-emotional development.

When your child has friends over, encourage them to play games that require working together. Try building a tent out of old blankets, playing catch, or acting out stories.

Build a store, house, puppet stage, or fire truck out of old boxes.

Your child can invite a friend over to play store or house, have a puppet show, or be firefighters.

Ask your child her birthday, telephone number, and first and last name. Practice what she would do if she was separated from you at the store.

Tell your child a favorite nursery rhyme that involves the idea of "right" and "wrong." Discuss what kinds of choices the characters made in the story.

Gather old shirts, hats, and other clothes from friends or a thrift store. Encourage dramatic play—acting out stories, songs, and scenes from the neighborhood.

Play games with your child such as Go Fish, Checkers, or Candy Land. Board games or card games that have three or more rules are great.

Show your child pictures in magazines of people from different cultures. Talk about things that are the same or different between your family and other families.

Talk about real dangers (fire, guns, cars) and make-believe dangers (monsters under the bed) using hand-drawn pictures or pictures cut out from a magazine.
