District Five Extended Studies Diploma

To be eligible to receive a School District Five Extended Studies Diploma, a student must earn 28 units and perform 10 hours of community service work each year. Students are responsible for annually verifying community service. Verification forms are available in the Counseling Office and should be submitted annually to the appropriate counselor by May 1st during the 9th, 10th, 11th grade years, and by February 1st during the senior year. Competitive colleges look for students who have gone above and beyond the minimum requirements. While an Extended Studies Diploma is a local award and does not guarantee college admission, the higher-level courses and the extent of commitment required will certainly enhance a student's profile when applying to college.
