Dear Parents and/or Guardians,

As we embark on this new adventure, we thank you in advance for your patience and understanding. Over the next 10 days, your child will be involved in distance learning. In third grade, students will have 3 choice boards: 1 for ELA, 1 for Math, and 1 for Science/Social Studies. Students will be completing online activities if possible, and then 1-2 activities per board per day. This means students will be involved in ELA, math, science, social studies, and related arts each day. We ask that you monitor the student's work. We are available each day from 9 AM-1 PM via email or Remind. These choice boards are also uploaded to Google Classroom, which all students have access to from home. Below is the grading criteria for work. These activities will be due upon returning to school. If you have any questions, please let us know.
