COMMUNITY SERVICE PROJECT
VERIFICATION FORM

Completing a community service project each year is part of the requirements for earning an Extended Studies Diploma in School District Five of Lexington and Richland Counties. In addition to academic requirements of twenty-eight units of study, students must complete a community service project each year of high school. While an Extended Studies Diploma is a local award and does not guarantee college admission, the higher level courses and the extent of commitment required will certainly enhance a student's profile when applying to college. Guidelines are available in the District Course Catalog that each student receives.

This verification form is due by May 1st to the school counseling office, March 30th during senior year.

Name of Student _____
Please Print Name

Address _____

School: **Chapin High School** Grade: Circle One **9 10 11 12**
