MATH

VOCABULARY:

Digits	Count on
Tens	Count back
Ones	
Add	

Please use this link to place [Scholastic Book orders](#).

WORD STUDY

We are beginning our first word study unit by reviewing short vowels. We will list and short words and listen for the sounds we hear. On Fridays, students will write a dictated sentence using the words we practice throughout the week.

IN OUR CLASSROOM:

ELA: We will begin our unit on exploring ourselves as readers and writers. We will examine different types of books and work to understand our likes and dislikes. We will write about a book and recommend it to others.

Math: We will continue looking at Addition and Subtraction strategies by using doubles and near doubles, making a 10 to add, and using addition fact patterns.

Social Studies: We will continue learning about the purpose for Social Studies and the areas of geography, economics, and political science.
